

## **Shipping**

We are currently negotiating agreements with our shipping partners and have temporarily set shipping rates to the following:

- \$8\* for packages under 1 lb. (USPS Priority Mail)
- \$11\* for packages under 3 lb. (UPS Ground)
- \$14\* for packages under 5 lb. (UPS Ground)

In the future, shipping rates will be calculated based on location and you will see prices change according to distance and weight. These changes will ensure the most accurate rates.

\*Rates apply only to the continental United States. For shipping to AK, HI, and PR please contact us. \*\*We currently do not offer International shipping.

\*\*\*Contact us for shipments over 5 lb.

\*\*\*\*Sellers are encouraged to weigh their entire package to ensure the correct selection of shipping weight and cost. Sellers will be charged for any overages imposed by the shipper for overweight packages.

## **How Do I Package My Shipment**

You can use poly mailers or cardboard boxes to package your items. We recommend poly mailers for lightweight items that don't need the protection of padding or structure of boxes. When using boxes we recommend using the smallest box that will comfortably fit your item. A great way to get these shipping supplies is recycling the packages from items you've received in the mail. You can of course also purchase shipping supplies via various vendors. Sometimes you have to get creative!

## **How Do I Get Paid?**

After the buyer receives the item, we release the money to your BUYSELL account within 3 days of delivery. You can withdraw the money via direct deposit to your bank account. Once requested, direct deposits normally take 2-3 business days, not including weekends or holidays to settle. You can also shop in the app using your earnings. Please note, your earnings are based on the listing price and actual earnings will vary based on the final order price, seller discounts, and any other applicable taxes and discounts.

## **What is the Return Policy?**

BUYSELL does not offer returns or refunds for issues like changing your mind, fit, or other flaws mentioned or pictured in the listing, or shipping delays. However, a buyer can dispute their purchase if their item is not as described in the listing or

they do not receive their package. The buyer has up to 3 business days after their order is delivered to contact our customer service team about any issues. We ask all buyers to provide pictures and describe the problem so we can engage the seller and then make a decision. All sales are considered final after three business days of receipt.

If a return request is approved by the BUYSELL customer service team, in most cases, the buyer will be issued a return shipping label so they can send the item back to the seller. The buyer will have three business days to ship the item before the sale becomes final. Once the shipper has scanned the return shipment into their system, the buyer will receive a full refund to their original form of payment, usually within 3-5 business days.

We promise to always use our best efforts to resolve any issues for our customers. To help ensure satisfaction with your purchase, we encourage buyers to carefully review item details, images, and ask the seller questions.

We also urge sellers to take special care when entering Listing Details about their item. To lessen return requests, we recommend pointing out any flaws the item may have so that the buyer can make an informed purchase. By being transparent, sellers are likely to have satisfied customers and enjoy successful transactions!

At BUYSELL, we have expert moderators who will be digitally evaluating listings and weed out fraudulent items. We will also be relying on our buyers and sellers to alert us about any items they suspect are inauthentic.
